

JHON ARIES TAYAO

JUNIOR SOFTWARE DEVELOPER | WEB APPLICATIONS & IT SUPPORT

Rolleston, Canterbury

+64 27 207 8245 | aries.tayao22@gmail.com

LinkedIn: www.linkedin.com/in/ariestayao

Portfolio: builtbyars.dev | GitHub: github.com/ars1224

PROFESSIONAL PROFILE

Junior software developer completing a Level 6 Diploma in Software Development, with hands-on experience building web and desktop applications for inventory, booking, and operational workflows. Skilled in Python/Flask, PHP/MySQL, C++, C#/ASP.NET Core Razor Pages, JavaScript, and SQL. Brings practical warehouse and IT support experience, strong troubleshooting skills, and a clear, user-focused approach.

TECHNICAL SKILLS

Programming: Python, PHP, C#, C++, JavaScript, SQL, HTML5, CSS3

Frameworks and Web: Flask, ASP.NET Core Razor Pages, Jinja2, SQLAlchemy, Bootstrap

Databases and Tools: MySQL, SQLite, Git, GitHub, Visual Studio, VS Code, XAMPP, Trello, Microsoft Excel

IT Support: Windows 10/11, PC assembly and upgrades, OS and driver installation, LAN, Wi-Fi and printer troubleshooting, AnyDesk, TeamViewer

PROJECTS

KISS-Web Inventory & Order Management System

PHP, MySQL, HTML, CSS, JavaScript, Bootstrap, [GitHub](#)

- Built a responsive warehouse system for products, pallets, locations, inventory movements, and orders.
- Added role-based access, status workflows, low-stock alerts, notifications, audit logs, filters, and CSV/Excel import-export.

Noble InnSync - Hotel Booking & Operations Platform

Python, Flask, SQLAlchemy, SQLite, Jinja2, HTML, CSS, JavaScript, [GitHub](#)

- Co-developed online and walk-in booking, reservation lookup, room management, payments, inventory, issue reporting, and management reports.
- Implemented smart room allocation, validation, role-based authentication, maintenance workflows, booking-lifecycle logic, documentation, and automated checks.

Aotearoa Treasures - Inventory Management System

C++, SQLite, Visual Studio, Git and [GitHub](#)

- Developed database integration, authentication, and reporting for a multi-branch inventory and point-of-sale desktop application.
- Supported stock control, employee roles, rosters, and sales reports while collaborating in a Scrum team using Git and GitHub.

PROFESSIONAL EXPERIENCE

Warehouse Assistant | Lanocorp Ltd
Canterbury, New Zealand

2022 - Present

- Receive, inspect, store, pick, pack, and dispatch goods while maintaining accurate inventory and shipping records.
- Monitor stock levels, report discrepancies, support stock checks, and operate forklifts and pallet equipment safely.
- Applied first-hand warehouse workflow knowledge when designing inventory and order-management features for KISS-Web.

Freelance Computer Technician | Self-Employed
Philippines and New Zealand

2018 - Present

- Diagnose, repair, and upgrade PCs and laptops; install Windows, drivers, and applications; and resolve boot, performance, and peripheral issues.
- Configure routers, LAN/Wi-Fi, and printers, while providing clear guidance to non-technical users.

EDUCATION & CERTIFICATIONS

Diploma in Software Development (Level 6)
Yoobee College of Creative Innovation

2025 - Present

Certificate in Information Technology (Level 5)
Yoobee College of Creative Innovation

Completed Dec 2024

Computer Systems Servicing NC II
TESDA / Next Generation Technological College, Philippines

2020

Bachelor of Science in Mathematics, Major in Computer Science
Bulacan State University, Philippines | Undergraduate study

2015 - 2018

ADDITIONAL STRENGTHS

- Practical problem-solving and troubleshooting across software, hardware, and operational workflows.
- Clear communication with technical and non-technical users, with a strong focus on useful documentation.
- Reliable team contributor with experience working independently and in collaborative project environments.
